SOCIAL MEDIA POLICY

Diversified Transportation uses Social Media networks, specifically Facebook, Twitter, LinkedIn and Instagram, to share and promote information with our community and our customers. We welcome participation and discussion through our Social Media channels. We have the right, at our discretion, to remove any posts containing personal attacks, profanity, nudity, hate speech or illegal material from our Social Media channels, as well as revoke privileges to post to our pages. Also, for your privacy protection, we also request that Diversified passengers do not post personal contact information to our Social Network channels. All passenger inquiries should be directed to our website www.DTL.ca or to our information line: 780-743-2244.

Diversified Transportation will do its best to ensure all messaging sent out via Social Media is accurate and timely; however our Social Media channels are not monitored 24/7. Opinions expressed in non-Diversified Transportation posts are not necessarily those of Diversified Transportation and its employees, and we cannot guarantee the accuracy of these posts. If you have any questions about our use of Social Media, please email us at info@dtl.ca.
